POINTS TO REMEMBER

- 1. A membership form is printed on the back side of the cover page. It is mandatory to fill and submit along with the sheets, it won't be possible to deliver a published book until and unless we receive the membership form completely filled.
- 2. Use only the paper sheets provided in the box to write or design on.
- 3. On the paper sheets the boxes are provided only to draw or paste pictures and the lines provided are to write any text content for story book.
- 4. Do not use pencil to write as it is difficult to print those pages, as it may not be visible in the printed book. If you use pencil, do overwrite it with a pen, sketch pen or marker.
- 5. You can order for more paper sheets in case the current ones get damaged or torn. Email us at customercare@setmybook.com for the requirement. Extra charges applicable at 200/- for a set 16 new paper sheets.
- 6. The final book should consist of no less than 8 pages (including the front and back cover pages).
- 7. The child can use personal drawing materials too (not provided in the box) for designing.
- 8. The child can also paste pictures that they already have, in the book. Use only the glue to paste pictures. Do not use any external tapes.

Note: If there is more than one story written, then only the first story will be published in the book.

USER MANUAL

PUBLISH YOUR CHILD'S FIRST EVER BOOK

SetMyBook is a simple kit that will help publish your child's first ever book, both offline and online! The kit contains all the materials required to write and design a book. Once the book is ready for printing, all you need to do is to send it to us and we will take care of the creating your book in online and offline format

BENEFITS OF USING THE KIT

SetMyBook helps unleash your child's imagination, one story at a time. The kit helps children improve their creative, cognitive as well as motor skills by making them put on their creative hats, think of a story and write & design it, in their own unique way. Another important benefit is the art of sending something via the post office or a courier service. Increasingly, the world isgetting online and old ways of connecting like using the post, are slowly becoming obsolete. So, here is your chance to teach your child about this activity. Your child can accompany you to the post office or courier service of your choice and learn the intricacies involved in sending out a physical package.
